Nu Wave Shower Filters

Ever wondered what your body absorbs when your pores are open? Think shower and public water—not a pretty sight or smell! New Wave Enviro Shower Filters are great for removing chlorine and large particles from public or well water, so that you can be really clean, without the absorption of toxins. They also help with skin and hair issues. Immediate results are noticed by removing the chemicals that you may come in contact with. Easy to install and work with existing shower heads.

Advanced Anti-Inflammatory Defense

We have talked about Vitalzym in the past and the fantastic results people achieve. The biggest complaint is the amount of pills needed for 30–60 days being 9 total a day. Neprinol is a similar product that is *3 times stronger* and allows for dosages of 2–6 pills daily for maximum benefits. Don't be fooled by other anti-inflammatory products, I have used both Vitalzyme and Neprinol with great success and invite anyone with pain, cardio-vascular problems or immune system issues to learn about the benefits of systemic enzymes.

Borlind does it again!

Body Effects Cellulite system has arrived. Borlind the leader in dermatologically tested natural skin care has released a new 3 part system for those problem areas! The numbers say that in 8 weeks:

- 1) cellulite will - by 45%
- 2) skin smoothness will + by 33%
- 3) Firmness will + by 31%

New Products

- **Natura World Organic Cotton Bedding.** Organic and memory foam mattresses available. Fantastic for everyone, but especially people with sensitivities, 20% discount to Synergy Account customers. You can soon try out the bed for yourself, as one will be in the store shortly!
- **Standard Process products** are now available
- **Hemp Hearts** (shelled hemp seeds), a food packed with required amino acids (protein) more than milk, eggs or meat
- **Salba** nature's perfect whole food, rich in Omega 3's and fiber. Great for cardiovascular health, and better elimination from the digestive system.

Synergy News

Synergy has had a few progressive changes recently. Dianne has moved into Whispering Soles Reflexology almost full time, and you may have met our new staff, Madeleine, Mark and Scott who work part time throughout the week.

Our philosophy within Synergy is to provide high quality services and products that can improve your health. On this note we are incorporating a wider range of low allergen, more environmentally sensitive products that can assist to remove toxins and problems from our every day life. We welcome any ideas or suggestions from customers.

Synergy will soon be in the Cyber world and will have a Web site up and running shortly!
