

SYNERGY TIMES

Ubiquinol (CoQ10)

Expert headache researchers at the University Hospital in Zurich recently found that migraine sufferers could benefit from CoQ10. In the study, 42 migraine sufferers were randomly assigned to take 100mg of CoQ10 daily or a placebo over a 90 day period. No change was noticed in the placebo group while at least a 50 percent reduction was noticed in the CoQ10 group.

Power 4

Many people drink the juice of either goji, acai, noni, or mangosteen. Why not drink them all? Genesis has combined all 4 superfruit antioxidant juices into one bottle. This is the optimal way to get the benefits of all 4 juices. Whether you are supplementing for dietary imbalances, enjoying more energy or noticing less inflammation. Genesis makes them available in the purest form without added filler juices or hidden ingredients. Feel the power of 4 instead of 1

Yoanna Mineral Make-up

Synergy Health has long believed in the skin being an entrance to the body.

- Most liquid and cream make-ups are made with heavy chemical ingredients such as talc, oils, synthetic colors and dyes that clog pores and make the skin unable to breathe. Earth Minerals make-up will cover skin nicely, giving it a sheer and naturally even tone.
-
- These minerals also help problem skin like acne and rosacea. Even the most sensitive skin types will be able to enjoy the benefits of Mineral make-up.
- Please go to yoannaskincare.com and check out colors. You can even order samples by calling 800-336-4617.

Synergy Health will be closed on Sundays for the summer starting May 11th and will be reopening on Sundays in the Fall.

Ideal Protein Success Story
