1/2 Price Mattress Sale

Natura World chemical free beds are now even easier to own. Due to cosmetic imperfections in the finished materials, Natura is now offering the imperfect collection to its customers. Natura imperfect mattresses consist of a 5 inch latex foam core with 2 inches of additional firm latex underneath 1 inch of softer latex. These incredible 8 inch mattresses are up to 1/2 off the regular price of a Natura bed. This is great timing to help with economic challenges that many customers are facing. Call us for pricing and additional information.

The Statin Truth

Recently, Pfizer publicly stated that all Statin research will be stopped. Chemo drugs are far more profitable and that is where they will spend the R+D funds. This confirms that the long term benefits of one of the best selling drugs of all time is really not getting the job done since over half the people who have a heart attack are on a Statin. Let's stick to what really works. Fish oil, Red Yeast Rice and CoQ10

How to Fight the Flu

With so many sick people popping up each day with the flu, how do you try and prevent becoming a statistic? While we are not big fans of the flu shot, some demographics may fair better with natural options to prevent viral infections. Let's start at the top with the Homeopathic for flu- Oscillococinum. This, when taken at first signs, is a great product to eliminate or shorten the life of a virus. I often take 1 tube twice a week through the winter as a preventative. I also like to rotate with Elderberry (either in capsule or liquid) as a great anti-viral. My other choice is P-73 Oreganol (liquid or softgel) taken on opposite months from Elderberry. Oreganol is such a strong anti-viral and anti-bacterial to keep the immune system running strong. This protocol can help reduce your chances of becoming one of the statistics that are growing at an alarming rate.

Synergy News

- Along with our other Sami's collection of products, we are going to carry their hamburger and hot dog buns.
- Don't forget that the holidays are just around the corner and we offer gift cards in any dollar amount. The perfect gift for perfect health
- We would like to let people know that we still have many items discounted at a savings of up to 40% off. Come check out the selection for yourself!
- For those who have 3 or 5 gallon bottles and no room for a crock and stand to put them on, we now have water pumps for your water that are very easy to use.
- Also, for those of you that forgot, we have plenty of Gnosis raw organic chocolate bars in stock. A treat that's rich in antioxidants!

If you know anyone out of the area that could benefit from our goods and services, we are able to ship products across the country and can even do phone consultations for those in need.

Benefits of Bluebonnet Fish Oils

Bluebonnet's Natural Omega-3 Heart Formula Softgels supply EPA and DHA in a relatively balanced ratio scientifically relevant for maintaining cardiovascular health. The fish oil used is derived from deep sea, cold water fish off the coast of Peru that has been molecularly distilled, which virtually eliminates all heavy metals (e.g., mercury), PCBs and other contaminants, as well as the unpleasant fishy taste, odor and regurgitating effects typically associated with marine fish oils. Plus, this product has been 3rd party tested by an independent, FDA-registered laboratory using AOAC international protocols for purity and potency. In addition, a more bioavailable/stable natural triglyceride form of fish oil is used instead of the common synthetic ethyl ester form, which often becomes oxidized/rancid. To ensure sustainability, an unrivaled surveillance system is employed to control minimum size and number of juvenile fish caught. Available in easy-to-swallow softgels for maximum assimilation and absorption.
